

Ritik & Co.

SELECTED WORK / CREATIVE PRACTICE

FORM & FEELING.

A study in products, stories
and the art of being noticed.

VOLUME 01 / STUDIO PORTFOLIO

R&CO

VISUALIZATION / FILM / DESIGN

A NOTE FROM THE STUDIO

Precision meets instinct.

Some things need to be explained.
Others need to be felt.
The best creative work does both.

We are Ritik & Co., a creative production studio working across 3D visualization, film and design. We turn complex products and ambitious ideas into images people can understand, remember and act on.

This is a selection of the work, the details and the thinking behind it.

Inside the work.

01 The engineered object

Industrial visualization / Rotex

04-05

02 The precious detail

Jewellery concept / 3D craft

06-07

03 The moving image

Product film / ZOTAC Gaming

08-09

04 The creative toolkit

Capabilities / Working together

10-11

LOOK CLOSER.

Built to be understood.

ROTEX AUTOMATION

From engineering CAD to a visual language customers can understand.

FIG. 01 / TECHNICAL RENDERING

Product rendering, technical illustrations, catalogue design and exhibition assets. One connected system for presenting a complex product range.

CAD

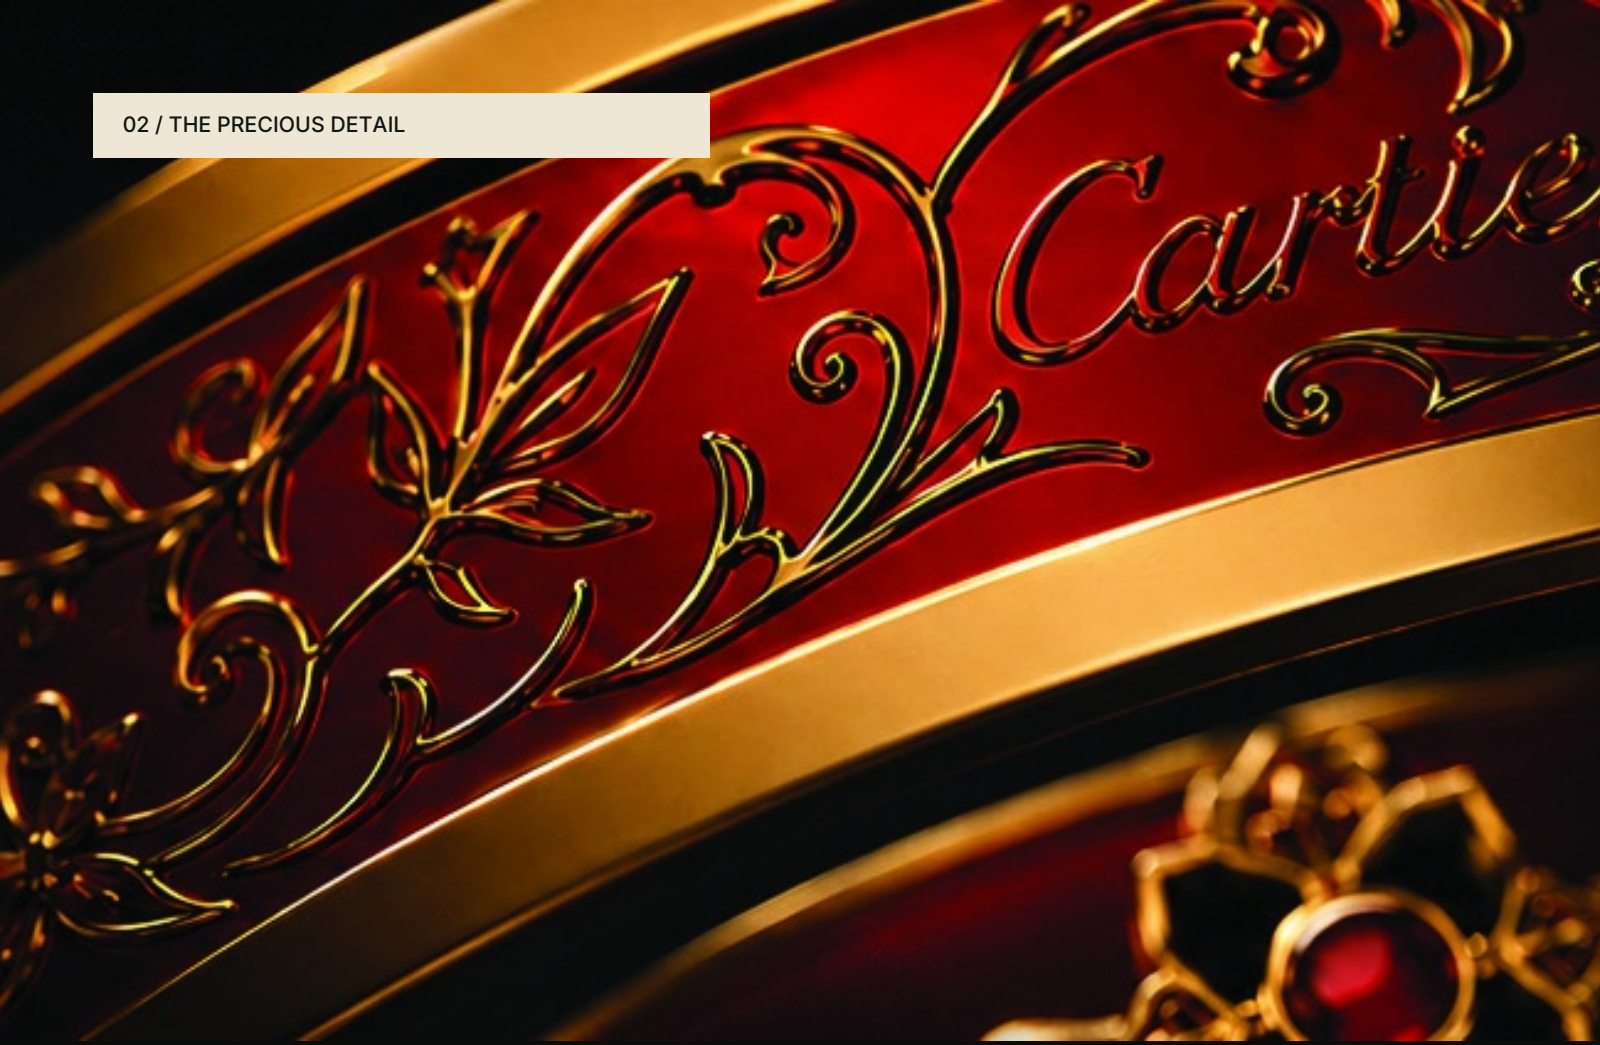

TO COMMUNICATION

01

Complex engineering.
A clear point of view.

3D VISUALIZATION

A closer kind of luxury.

Material. Light. Surface. The smallest decisions make the strongest impression.

The craft is in the detail.

FIG. 02 / GOLD, ENAMEL & LIGHT

3D modelling, ornamental detail, gold and enamel materials, and presentation renders for an international jewellery design competition.

CARTIER-BRANDED CONCEPT / COMPETITION WORK

MAKE IT MOVE.

30 SEC

A product story with momentum.

01

02

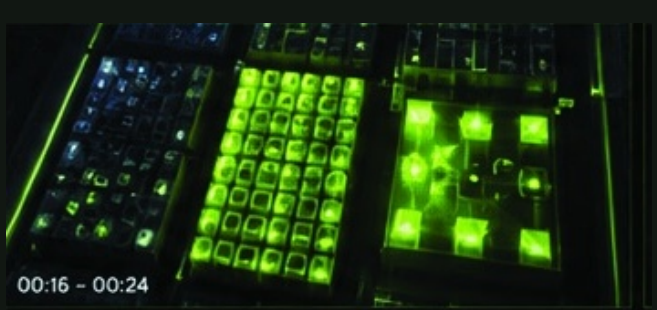

From waiting. To creating.

A 30-second film combining product visualization, motion graphics and technical callouts, developed from a client-supplied script.

03

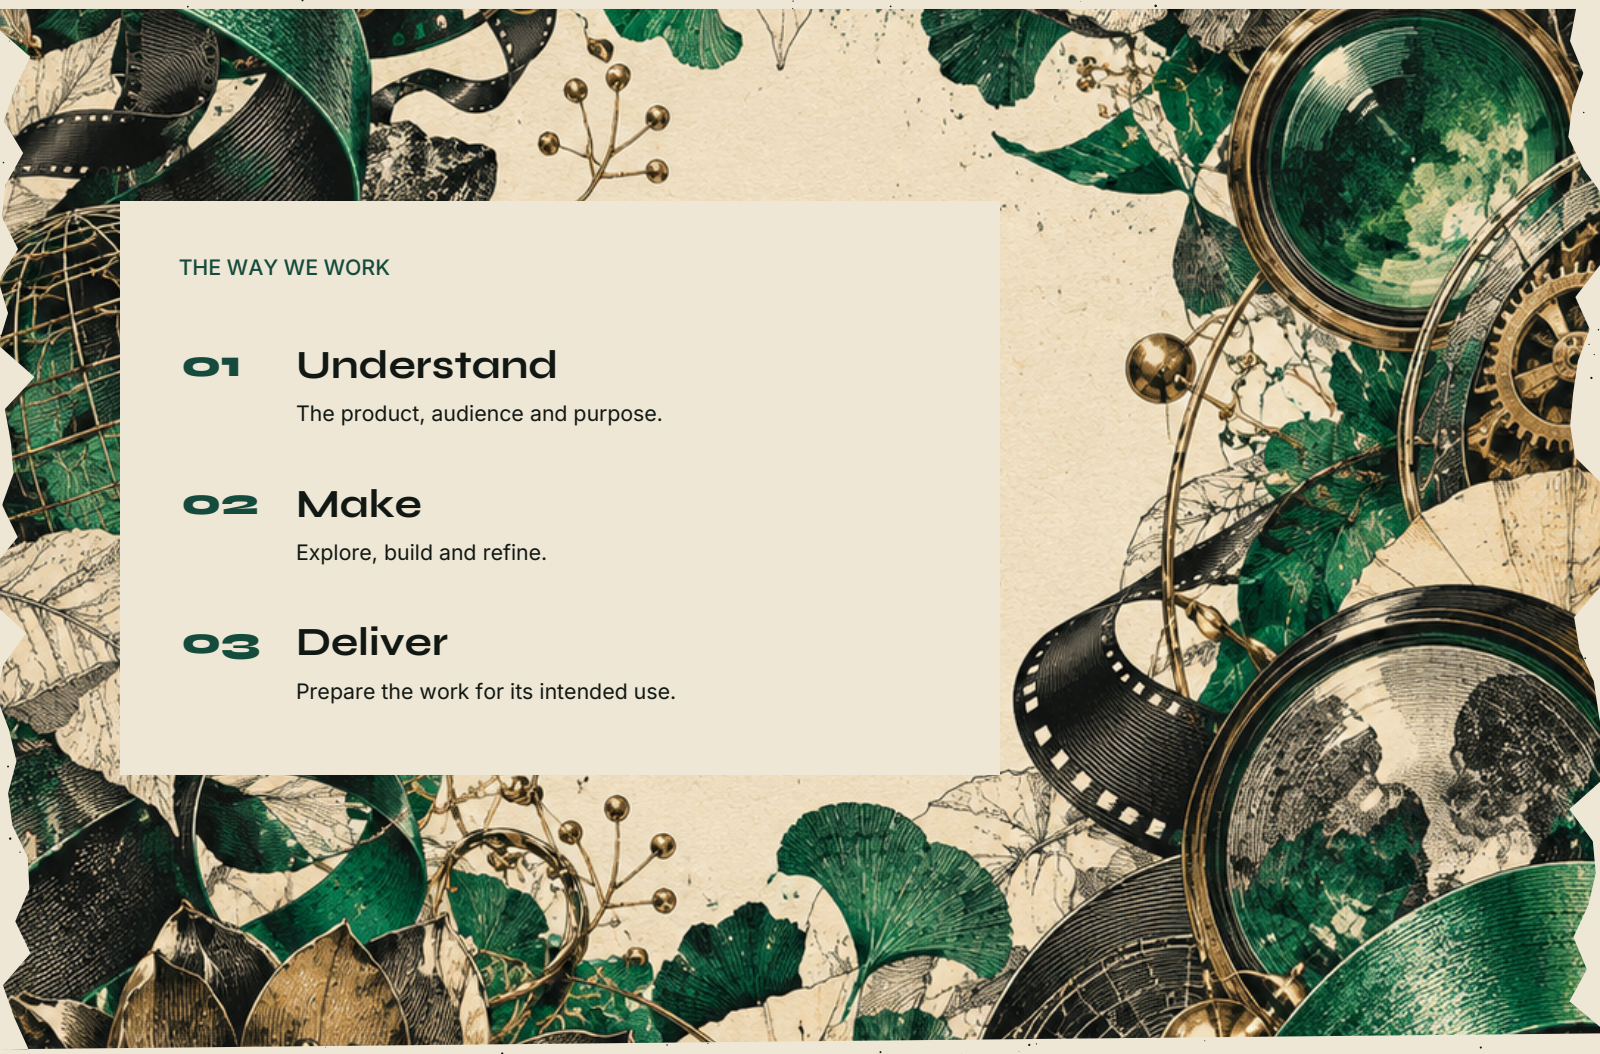

04

Ideas need good hands.

From a single product render to a complete visual story, we build the assets around what you need to communicate.

THE WAY WE WORK

01 Understand

The product, audience and purpose.

02 Make

Explore, build and refine.

03 Deliver

Prepare the work for its intended use.

One studio. Many ways in.

01 3D visualization

Product renders, engineering models, technical views.

02 3D animation

Motion that reveals how products work.

03 Brand films

Product explainers, cinematic stories and editing.

04 Brand & print design

Identity, catalogues, brochures and sales materials.

05 AI-assisted content

Creative assets, video and voiceover production.

06 Social & paid campaigns

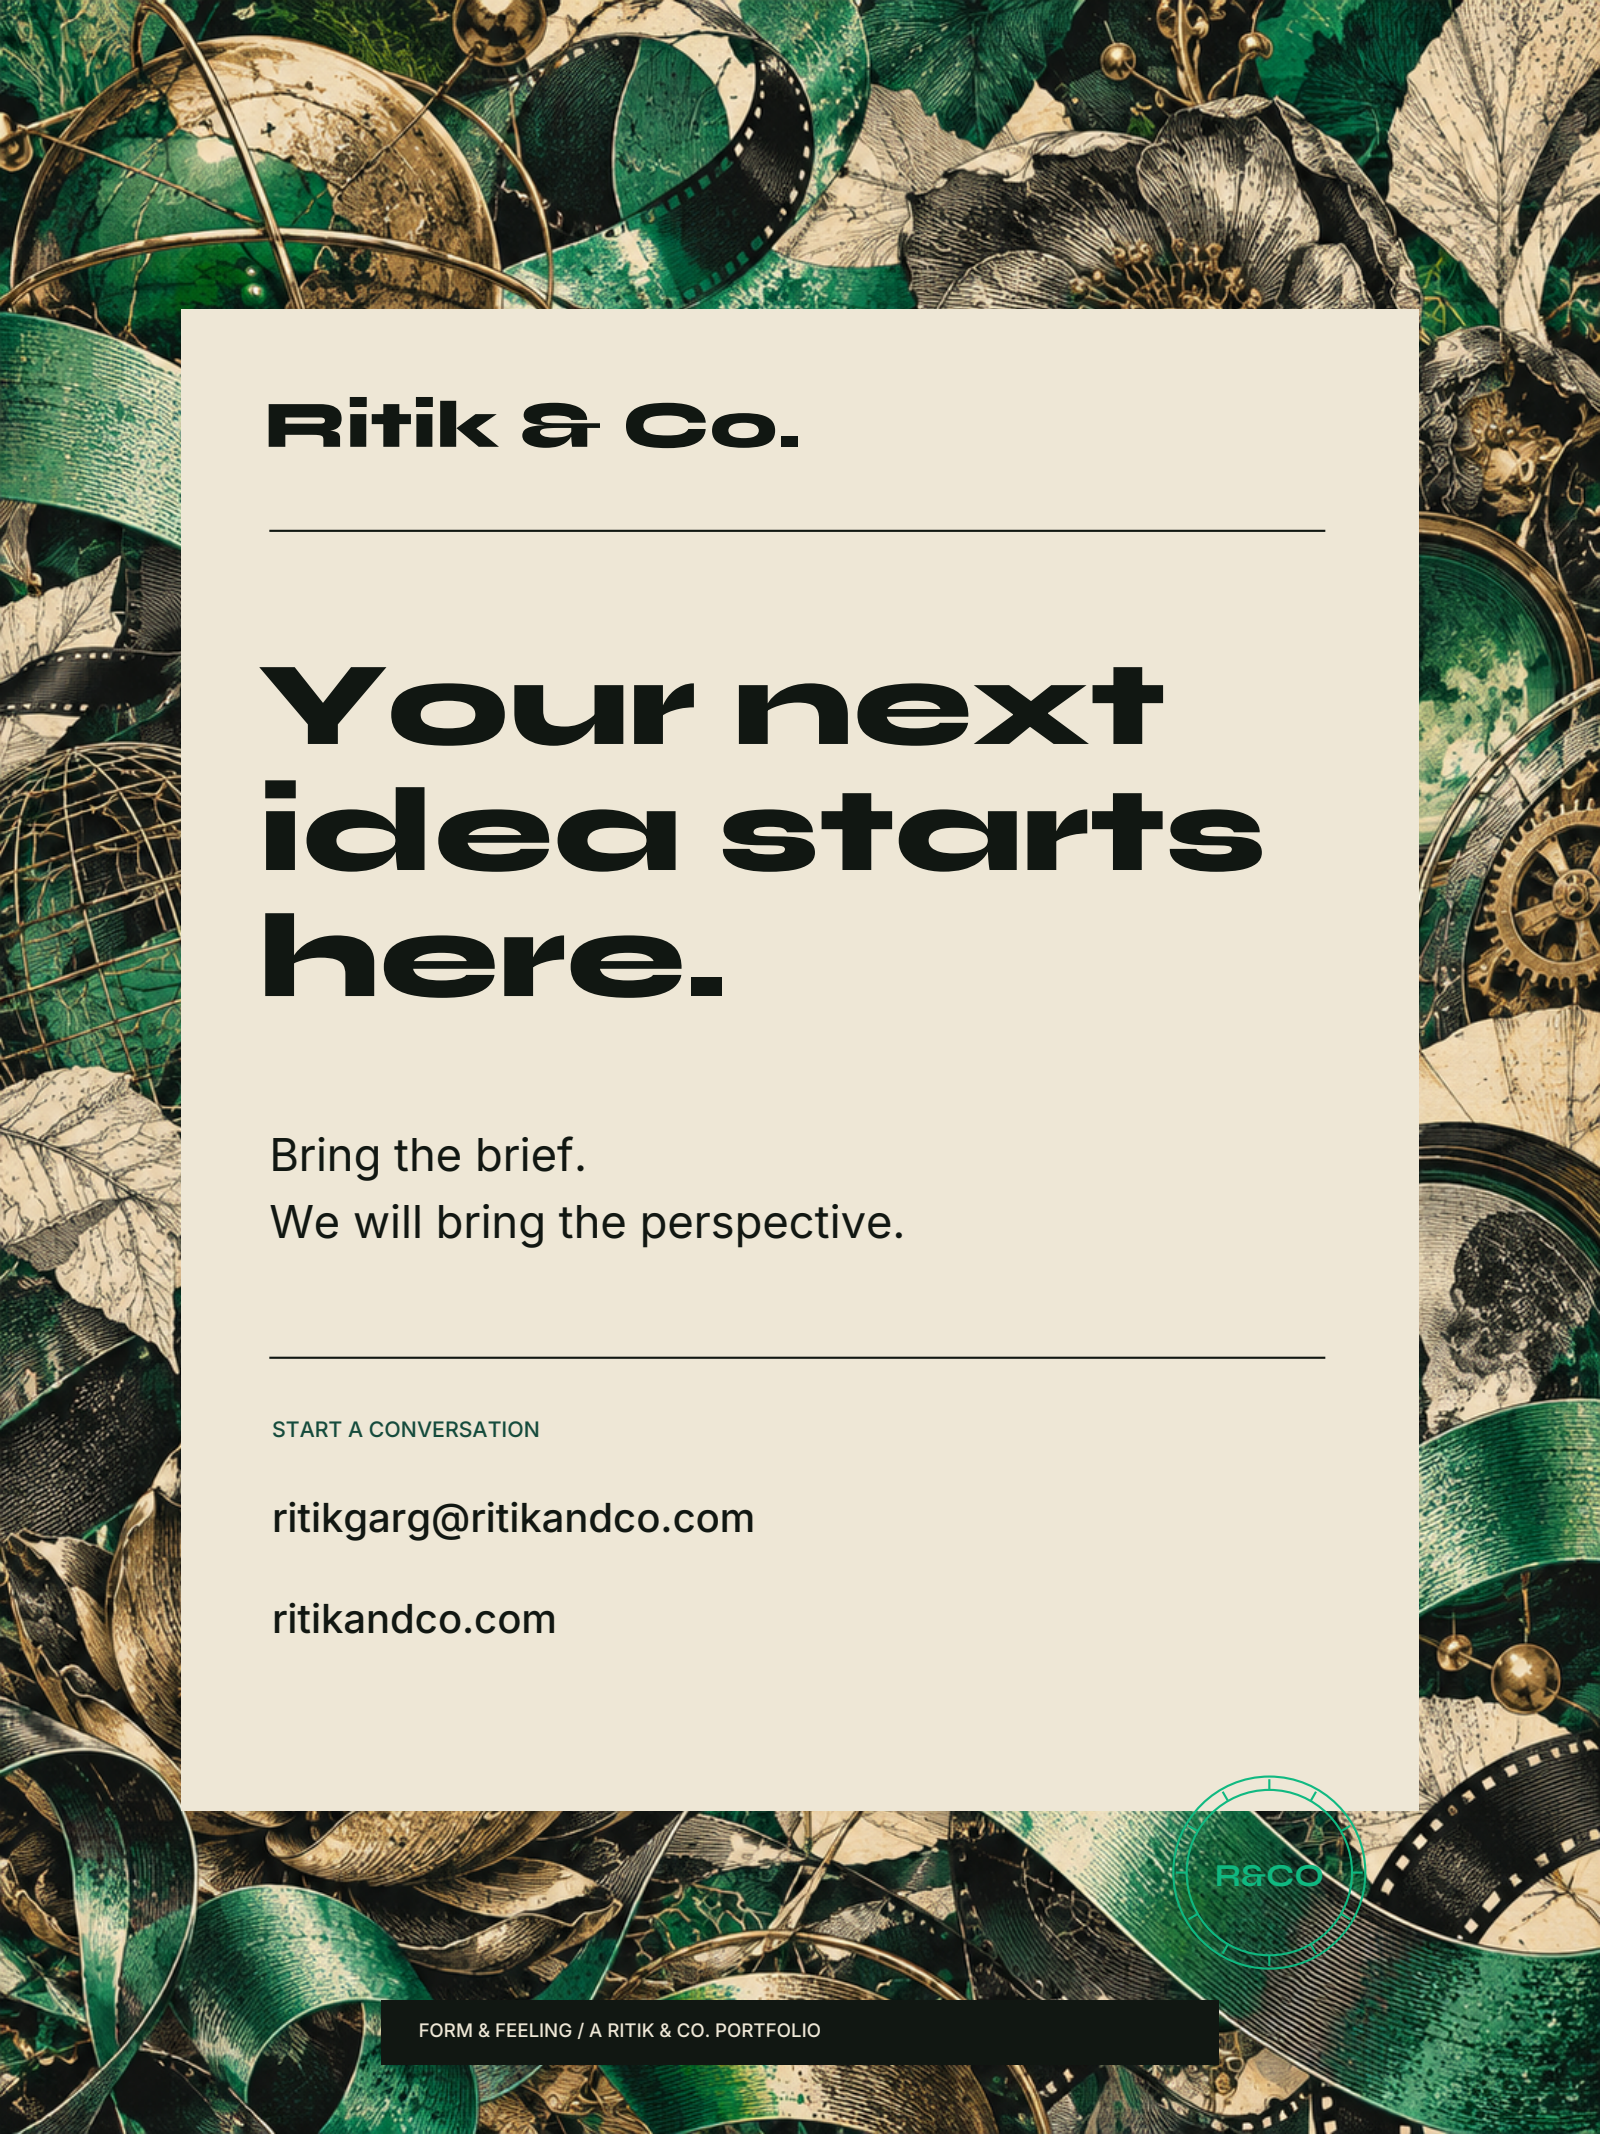

Social content, Meta and Google campaign support.

07 Websites & landing pages

Clear digital experiences with a purpose.

08 UI/UX & conversion

Interfaces and journeys that make the next step easier.

Ritik & Co.

Your next idea starts here.

Bring the brief.
We will bring the perspective.
